ABOUT **ENSIGN**

*Your Preferred Supplier for
WorldClass Freight and Logistics*

Established in 1996, Ensign is a leader in the supply chain industry having provided clients with more than 29 years of exceptional service across the shipping and logistics industry. Ensign's staff pride themselves on delivering out of the box and effective solutions to your logistic challenges.

30 YEARS
OF EXCEPTIONAL
SERVICE

Our head office is located in Umhlanga Ridge with operations in Durban, Estcourt, Richards Bay and Harrismith. Our facility in Richards Bay is situated 5.8km from the port. The property consists of 25,000sqm of "A" Grade warehousing space and grain silos with on site weigh-bridges. We have serviced a range of blue-chip clients at our facility for over 10 years and have expanded our service offering consistently over the years. With the acquisition of further warehouse space and enhanced silo capacity.

Intabazwe Agri was established during 2019 as a wholly-owned subsidiary of Ensign Shipping and Logistics, with its main objective to develop an inland logistics hub at the Maluti-A-Phofung Special Economic Zone (the "SEZ") – Harrismith.

This central location will support moving cargo from road to rail. It supports Ensign's strategy to offer a comprehensive solution by developing a national trade-route via intermodal transport services. The Harrismith facility provides sustainable integrated storage and transport solutions consisting of warehouse space of 13,500sqm and a yard of 77,500sqm. In 2020, four new grain silos were erected at the facility with a capacity of 8,000mt in Total.

Our 13,000sqm AAA-grade Estcourt warehouse, 8km from the N3 Freeway, offers road and rail access. Equipped with front-end loaders, reach stackers, forklifts, and bagging machines for 25kg, 50kg, 500kg and 1mt bags we specialize in handling, storing, and fumigating agricultural commodities to maintain product quality.

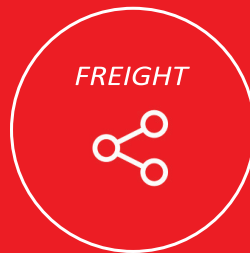

ABOUT

OUR SERVICES

Customised Solutions

Ensign is a supply chain integrator that takes full responsibility for the management of end-to-end supply chain management on behalf of our customer-base. Ensign will plan, resource and build tailor made solutions for the customer. Ensign contracts various 3PL providers on behalf of the customer to deliver the required logistics solutions.

Our customised solutions encompass the multifaceted fields of value-added logistics, supply chain management and route-to-market. Ensign offers the following main services:
